**DOMESTIC SECTION 214 APPLICATION FILED FOR THE TRANSFER OF
CONTROL OF FORT MILL TELEPHONE COMPANY D/B/A COMPORIUM
TO ROCK HILL TELEPHONE COMPANY D/B/A COMPORIUM**

NON-STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 08-241

Comments Due: December 26, 2008
Reply Comments Due: January 2, 2009

On December 3, 2008, Fort Mill Telephone Company d/b/a Comporium (Fort Mill) and Rock Hill Telephone Company d/b/a Comporium (RHTC) (collectively, Applicants) filed an application, pursuant to section 63.03 of the Commission's rules, for consent to transfer control of the domestic section 214 authorization held by Fort Mill to RHTC.¹

The Applicants do not seek streamlined treatment for this application under section 63.03(b) of the Commission's rules due to the adjacent service areas the Applicants have identified.² Fort Mill and RHTC are both South Carolina corporations. Fort Mill is an incumbent local exchange carrier (LEC) serving 26,728 access lines in York County, in north-central South Carolina. RHTC is an incumbent LEC serving approximately 49,882 access lines in York County, South Carolina. Applicants state that RHTC's York County service territory is adjacent to the service territory of Fort Mill. Applicants further state that Fort Mill and RHTC are incumbent LECs that have, in combination, fewer than two percent of the subscriber lines installed in the aggregate nationwide and no overlapping service areas, but because of the adjacent service areas the Applicants have identified, this application is not entitled to presumptive streamlined treatment.³

¹ 47 C.F.R. § 63.03; *see* 47 U.S.C. § 214. Applicants are also filing an application for transfer of control associated with authorization for radio licenses. Any action on this domestic section 214 application is without prejudice to Commission action on other related, pending applications. On December 9, 2008, Applicants filed a supplement to their domestic section 214 application.

² 47 C.F.R. § 63.03(b). The Fort Mill and RHTC service areas are also adjacent to the service area of Lancaster Telephone Company, which is the subject of a companion request for transfer of control to RHTC, filed contemporaneously with this application. Domestic Section 214 Application Filed for the Transfer of Control of Lancaster Telephone Company d/b/a Comporium to Rock Hill Telephone Company d/b/a Comporium, WC Docket No. 08-240 (filed Dec. 3, 2008).

³ 47 C.F.R. § 63.03(b)(2)(iii). Together, through its affiliated companies, Fort Mill, Lancaster Telephone Company, PBT Telecom, Inc., and Home Telephone Company, RHTC provides incumbent local exchange service to 18 exchanges in South Carolina, serving approximately 147,000 access lines. These companies serve approximately 2350 square miles in and around the communities of Rock Hill, Lancaster, Tega Cay, Fort Lawn, Moncks Corner,

The following U.S. entities have a 10 percent or greater interest in Fort Mill: RHTC (48%) and LAB Associates, LP (LAB) (26%).⁴ The ten percent or greater owners of LAB are the Trust under Will of Ladson A. Barnes, Sr.,⁵ a U.S.-based entity, and Ladson A. Barnes, Jr., a U.S. citizen.

The following U.S. citizens or entities have a ten percent or greater interest in RHTC: Frank S. Barnes (17.34%); 2007 Jean D. Barnes Irrevocable Trust (17.33%);⁶ E.L. Barnes (17.33%); and LAB Associates, LP (LAB) (48%).

As a result of the proposed transaction, Fort Mill will become a wholly-owned subsidiary of RHTC. Specifically, through a reverse triangular merger, RHTC proposes to exchange all outstanding Fort Mill Telephone Company shares not already owned by RHTC for RHTC non-voting stock. RHTC will create a new wholly-owned subsidiary, NewCo, funding NewCo with non-voting RHTC stock. Fort Mill shares will be exchanged for RHTC non-voting stock, and, after Fort Mill's merger with NewCo, Fort Mill will be the surviving corporation.

Applicants assert that a grant of the application will serve the public interest, convenience, and necessity. The Applicants state that the proposed transaction is in the public interest because it will consolidate the interests of small, family-owned local exchange carriers, lead to increased efficiencies, and strengthen the provision of community-based telecommunications service providers. Applicants also state that the combined company will continue to face competition from other providers in its service territories.
